Relaxing designs for a restful life.

Luna & Sol mattresses encourage a lifestyle of pausing because we believe better sleep and relaxation help you live better. Our Slovana line is designed to relax so relaxing never feels like work.

Get comfortable and stay there.

Our Zen Cooling Fiber, Serene Memory Foam, Gel Infused Quilt Foam, and Memory Foam help keep you cool with every adjustment.

Find calm in clean.

Anti-Microbial Silver is woven into our mattresses as a natural cleansing agent so you can rest easy.

Get more life out of your mattress.

Our two-sided design lets you flip your mattress so you can enjoy more time and relaxation.

Experience both softness and support.

800 Series Quantum Edge 3 Zone Pocketed Coils, Nano Coils, and a 700 Series Calibrated Edge create a firm outer ridge to make sure you're fully supported. Omalon Foam uses an innovative vertical cell structure to ensure a lifetime of comfort.
